THE KABEELo EXPERIENCE

We're not just another lodge -
we're a family legacy,
built on over 53 years of flying
guests to pristine lakes in
Northwestern Ontario, Canada.

With more than 250 lodges in Northwestern Ontario, we know you have options. While many may look similar on paper, KaBeeLo stands apart as a wilderness experience built on decades of integrity, expertise, and personal service.

From well-tuned equipment and well-cared for cabins to exceptional customer care and flexible trip options, KaBeeLo's packages help you spend less time planning and more time fishing, relaxing, and making memories. And if travel delays occur, onsite meals and accommodations are included — part of the KaBeeLo difference.

So what is the KaBeeLo experience? It's personal. For some, it's a fishing trip tailored just for them. For others, it's the comfort of being welcomed by the Lohn family and knowing they're in good hands from start to finish.

At KaBeeLo, great service is our standard. We listen to guest feedback and continue to improve, and add the thoughtful touches that make every stay feel special.

Some call it personalized. We call it the KaBeeLo experience.

Thank you for considering KaBeeLo Lodge.

Erik - Allyson - Ann - Harald

53 Years of Successful Fishing

Wavell Outpost

Cabins: Built for comfort, crafted for the North.

Each outpost cabin is constructed to KaBeelo's high standards — solid framing, insulated interiors, and thoughtful layouts that balance function with comfort.

Cabin Features:

- Separate bedrooms with quality mattresses and solid bunkbeds
- Running hot & cold water & shower facilities
- Fully equipped kitchens (propane stove, solar fridge, cookware & well stock pantry)
- Solar lighting and well-maintained screened windows
- Wood-burning stoves, fish fryers, BBQ and private docks

Motor & Equipment Maintenance:

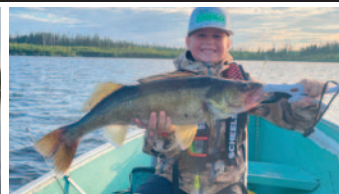

- Outboards tuned and serviced at the start and end of each season, and maintained throughout the season by our on site mechanic
- Boats repaired & replaced as needed
- Spare motors, hoses, gas stocked at every site
